◆Piano Course

〈Lesson Information〉

- How to read musical score, piano
- Expression with keyboard • Creative play (Chords, improvisation, etc.)
- Composition

These lessons build a solid foundation of music while encouraging self-expression and creativity through sound.

◆Violin Course

〈Lesson Information〉

- How to play the violin
- How to read musical score
- Violin technique, how to improve musicality

This course starts with the basics of learning to play violin.

If you have certain goals or songs you want to learn to play, we can incorporate them into the lessons.

※If you wish to incorporate expression/creative play into the lessons, please tell us.

◆Solfege Course

〈Lesson Information〉

- Familiarize child to music/musical score
- Form the basic foundations of music

Through learning the structure of musical score, we can connect sound and score in music. Naturally acquire musical ability while having fun singing rhymes and playing rhythmic games.

※Depending on your child's level and interest, we also offer more advanced lessons.
